Who are we?

Mexico Kanko is a Japanese company that began its operations in 1968 at the Olympic Games in Mexico. Its initial function was to receive Japanese tourists in Aztec lands. With the passing of the years and the growing interest of the Mexican people towards Japan and the East, it also began to operate in these countries.

We are specialized in Japan and the Far East, however we also operate trips in Mexico and to the rest of the world. We are one of the largest wholesale operators in Mexico with National and International recognition, and 53 years of experience.
